

PURISWING

Purifier

Machine designed to clean the products coming from the Plansifter, in order to select the semolina with different granulometries. The Purifier has a steel static structure, which features rubber anti-vibrators that sustain a vibrating body controlled by motor-vibrators.

Model	Power W	Air consumption m ³ /min	Sieve dimension mm	Wired power for lighting	Weight kg
MVSI 06/770 MP-S90 AB	2x400W	depending on product 40/70	492x500	72W (2x36)	1500
MVSI 05/770 MP-S90 AB	2x400W	depending on product 40/70	492x500	72W (2x36)	1500
